DOWNLOAD RESUME ↗

Brand director.
Doha-based.

9+ years. Governments, federations, and institutions across the region. I direct brand strategy and visual identity for organisations where the work actually matters. Institutional communications, major events, and digital products — built to last and built to scale.

Recent work includes the Doha Legal Forum 2026 identity signed off by Qatar's Minister of Justice, the SIFoCC identity for the forum's first meeting in the MENA region, broadcast graphics for the AFC Asian Cup, and Arabesque, a full-stack web platform celebrating Islamic geometric patterns as my MSc thesis at Edinburgh.

MSc Digital Media Design, University of Edinburgh · BSc Media & Communications, Northwestern University in Qatar · Minor in Computer Science, Carnegie Mellon University in Qatar.

VISIT WEBSITE ↗ ★ Approved by Minister of Justice

CLIENT
QICDRC × Ministry of Justice — Qatar

ROLE
Brand Identity Lead — Sole Creator

YEAR
2026

TOOLS
Figma · Illustrator · InDesign · After Effects

OVERVIEW

The inaugural Doha Legal Forum (January 2026), co-organised by QICDRC and the Ministry of Justice, was opened by Qatar's Prime Minister. Commissioned as sole creator of the entire identity — from initial concept through final delivery across all event touchpoints.

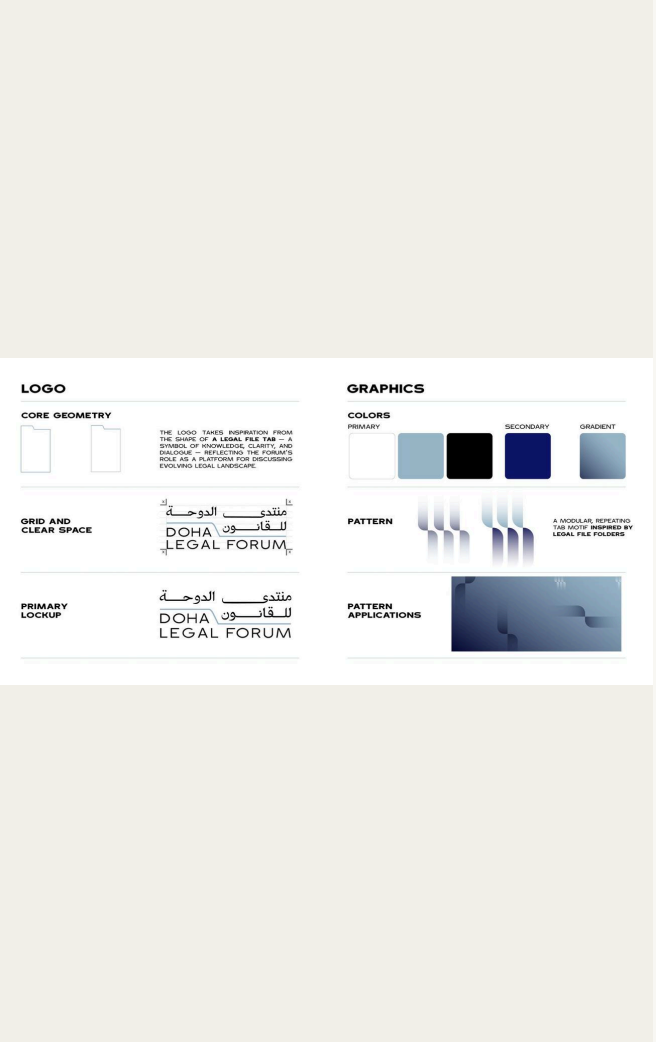

OUTCOME

Brand identity formally approved by the Minister of Justice of Qatar. Successfully deployed across all event touchpoints for the 2026 forum, including stage design, digital platforms, signage, and printed materials.

CLIENT
Qatar International Court & Dispute Resolution Centre

ROLE
Senior Branding & Digital Specialist

YEAR
2017–Present

TOOLS
Figma · Illustrator · InDesign · After Effects · Adobe XD · AR Kit

OVERVIEW

A multi-year, multi-disciplinary partnership with QICDRC — the Qatar International Court and Dispute Resolution Centre, comprising the Civil and Commercial Court, the Regulatory Tribunal, and the Dispute Resolution Centre. This mega-project gathers everything produced for the institution: brand system refresh, the website, the eCourt case management platform, the AR-enhanced 10th anniversary commemorative publication, institutional gifts, international conference booths, social content, and events.

OUTCOME

A fully documented institutional identity deployed across web, app, print, AR, social, and events — delivered consistently over nearly a decade of engagement.

AFC Asian Cup 2023 & *U23*

CLIENT
Asian Football Confederation

ROLE
Senior Designer

YEAR
2023–2024

TOOLS
After Effects · Illustrator · Premiere Pro · Photoshop

OVERVIEW

Led design of match-day digital assets, infographic videos, and social content packages for the AFC Asian Cup 2023 and AFC U23 Asian Cup — two of the most-watched sporting events in Asia.

OUTCOME

Content delivered across both tournaments drove significant increases in audience engagement across social media, reaching football fans across Asia throughout the full duration of both tournaments. The AFC Asian Cup Qatar 2023 set a new record with 1,068,587 fans — the highest tournament attendance in AFC Asian Cup history.

CLIENT
Qatar Creates

ROLE
Senior Designer

YEAR
2024

TOOLS
InDesign · Illustrator · After Effects · Figma

OVERVIEW

Design Doha Biennial is one of the MENA region's most prestigious design events under the Qatar Creates umbrella. Responsible for all digital and print deliverables — from opening week social campaigns through to the official event guidebook, the stage design, and forum presentation visuals.

OUTCOME

All materials delivered successfully across print and digital for the inaugural Design Doha Biennial (24 Feb – 5 Aug 2024). Social content amplified audience reach throughout opening week and beyond, contributing to the event's landmark profile as the MENA region's flagship design festival.

Qatar Law Forum 2017

VISIT WEBSITE ↗

CLIENT
Qatar Law Forum

ROLE
Designer — Event Branding & Web

YEAR
2017

TOOLS
Illustrator · InDesign · Photoshop · After Effects · Squarespace · HTML / CSS

OVERVIEW

The Qatar Law Forum has built a strong and unrivalled reputation for bringing together global leaders in law. For the 3rd edition of the forum in 2017 — held under the patronage of His Highness the Emir of Qatar — I designed the complete event identity and all supporting communications.

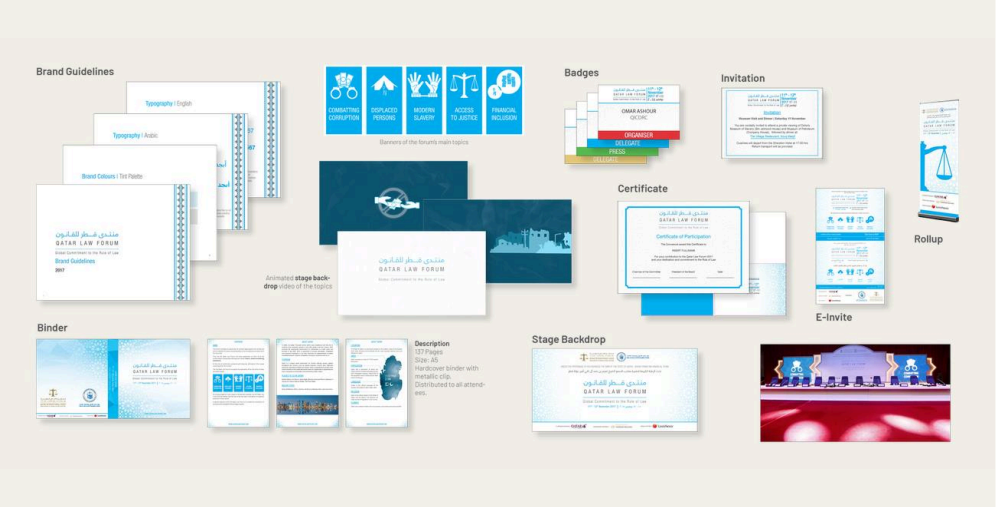

OUTCOME

The 2017 Qatar Law Forum was successfully delivered across all touchpoints under the patronage of His Highness the Emir of Qatar. The event reinforced the forum's standing as the region's most prestigious gathering for international legal leaders.

VISIT WEBSITE ↗ 9 Pages · 800+ Images

CLIENT
Qatar Consulting Engineering Services — EHAF

ROLE
Web Designer & Developer

YEAR
2018

TOOLS
Wix · HTML / CSS · JavaScript · Photoshop

OVERVIEW

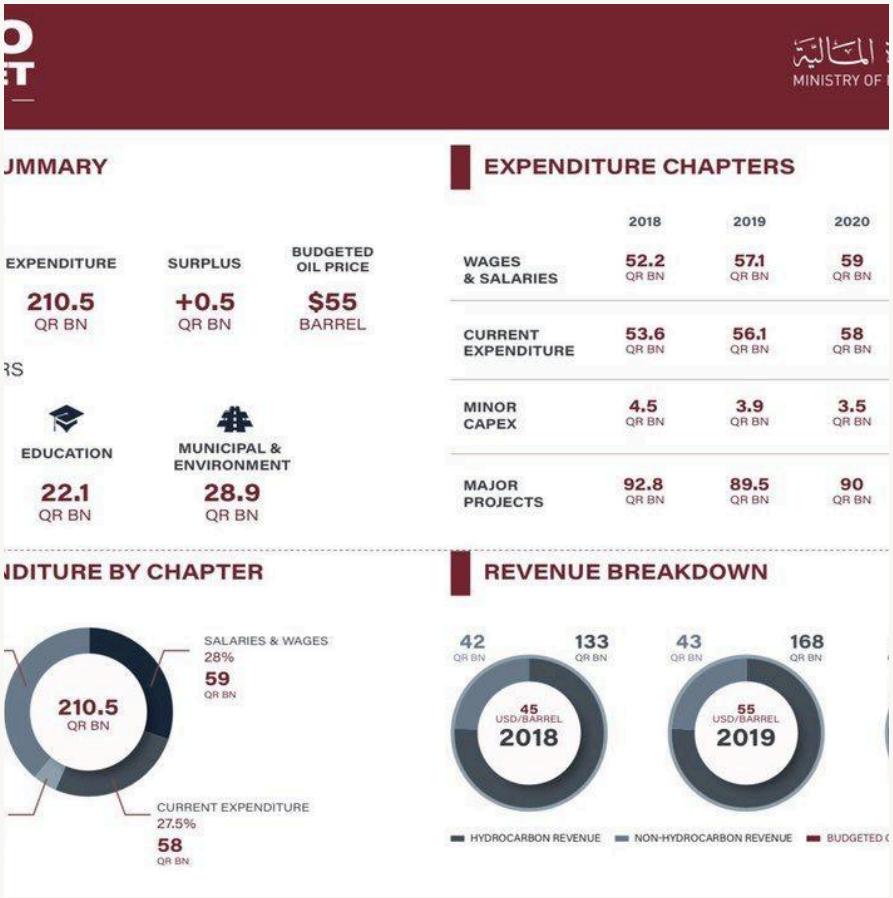

EHAF is a regional engineering consultancy with a deep, high-volume portfolio of projects across hospitality, government, commercial, and residential sectors. I designed and developed the full corporate website — nine pages, 800+ images, and a database-backed project library that visitors can browse and filter.

OUTCOME

A nine-page website with a filterable 800+ image portfolio, dedicated careers section, and a consistent responsive experience across devices — serving EHAF's business development and recruitment goals from a single, scalable platform.

MSc Project · University of Edinburgh

CLIENT

MSc Digital Media Design — University of Edinburgh

ROLE

UI/UX Designer — Sole Creator

YEAR

2024

TOOLS

Figma · Adobe XD

OVERVIEW

RecyQ is a major coursework project from my MSc in Digital Media Design at the University of Edinburgh. A waste management app concept designed to streamline and enrich the recycling experience for both households and businesses. The app enables users to schedule bin pickups, explore bite-sized educational content on sustainability, earn rewards for eco-conscious actions, and connect with local environmental events and initiatives.

OUTCOME

Delivered a polished, fully interactive prototype demonstrating the end-to-end user journey across key features: hassle-free scheduled pickups, reward points and stores, bite-sized sustainability education, community events, and live chat support. Presented at the Edinburgh graduate show.

CLIENT
Soul Broth

ROLE
Brand Designer — Sole Creator

YEAR
2024

TOOLS
Illustrator · Photoshop · InDesign · Figma

OVERVIEW

Soul Broth is a home-based broth business operating through Instagram — crafting slow-cooked, nourishing broths with a personal and wholesome identity. Created the complete brand from the ground up: logo, visual language, packaging, and a cohesive social media aesthetic that feels warm, handcrafted, and deeply appetising.

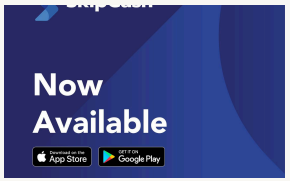

OUTCOME

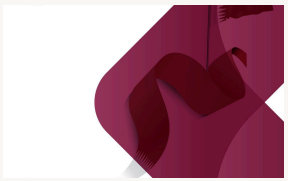

A complete brand identity and packaging system for a homemade broth business — giving a home-kitchen brand a consistent, professional look across its products and Instagram.

SkipCash

CLIENT
SkipCash

ROLE
Senior Designer

YEAR
2021–2022

TOOLS
Illustrator · Photoshop · After Effects · Figma

OVERVIEW

SkipCash is a Qatar-based fintech offering cashless payments through QR, links, and integrated checkout. I came on at the launch of their social media channels and built the visual programme from day one — a long-running stream of promotional campaigns, product announcements, feature highlights, and editorial posts that established the brand's voice online.

OUTCOME

Delivered a sustained programme of social and digital assets supporting SkipCash's user acquisition and product marketing — growing audience engagement across Instagram and LinkedIn.

Educate A Child — Qatar Airways *Campaign*

Featured on Qatar Airways Flights

CLIENT
Education Above All × Qatar Airways

ROLE
Motion Designer

YEAR
2017

TOOLS
After Effects · Illustrator · Premiere Pro

OVERVIEW

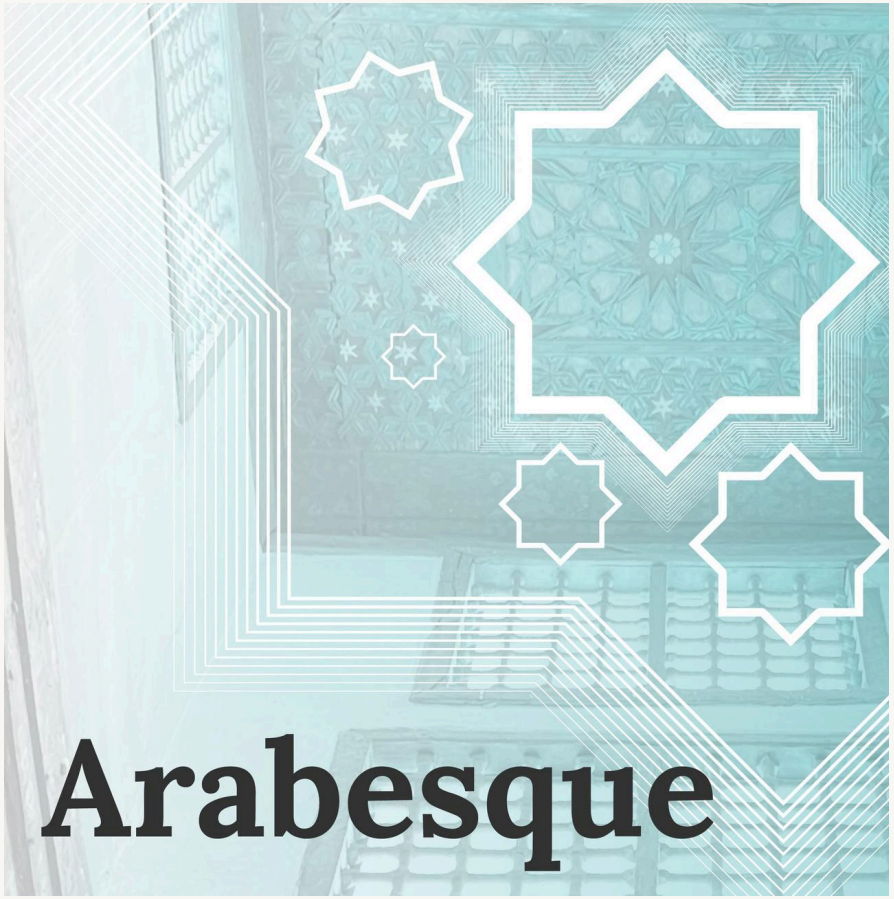

In collaboration with Qatar Airways and Education Above All, I designed and animated captivating infographic segments for the 'Educate A Child' campaign video — showcased on Qatar Airways flights to inspire passengers to support the initiative. Through engaging visuals and concise storytelling, the piece highlights the importance of education and the impact of a programme that, by 2017, had enrolled over 5 million out-of-school children since its 2012 launch.

OUTCOME

Delivered as a finished motion piece shown on Qatar Airways flights globally, inspiring passengers to support the cause and make a difference in children's lives worldwide.

Arabesque

VIEW ON EDINBURGH GRADUATE SHOW ↗

MSc Digital Media Design Thesis · University of Edinburgh

CLIENT

MSc Digital Media Design Thesis — University of Edinburgh

ROLE

Designer & Developer — Sole Creator

YEAR

2024

TOOLS

PHP · Fat-Free Framework · MySQL · JavaScript · P5.js · GSAP · Driver.js · SVG.js · Bootstrap · HTML / CSS · MidJourney

OVERVIEW

Arabesque is a full-stack web platform celebrating Islamic geometric patterns — built from the ground up as my MSc Digital Media Design thesis at the University of Edinburgh. It combines a curated legacy pattern database, step-by-step SVG tutorials, a generative Pattern Generator built on Hankin's algorithm, a Rosette Generator built in P5.js, a contributor leaderboard, a points-based community system, and a moderated admin pipeline. Brand, UX, front-end, back-end, and database — all sole-authored.

OUTCOME

A full, working, production-quality platform — gallery, generators, contributor system, admin pipeline, and brand all working together. Exhibited as part of the MSc thesis at the University of Edinburgh.

CLIENT
University of Edinburgh · NYU MicroMasters

ROLE
Designer & Developer

YEAR
2022–2024

TOOLS
Three.js · p5.js · JavaScript · HTML/CSS · PHP · SQL · LiDAR

OVERVIEW

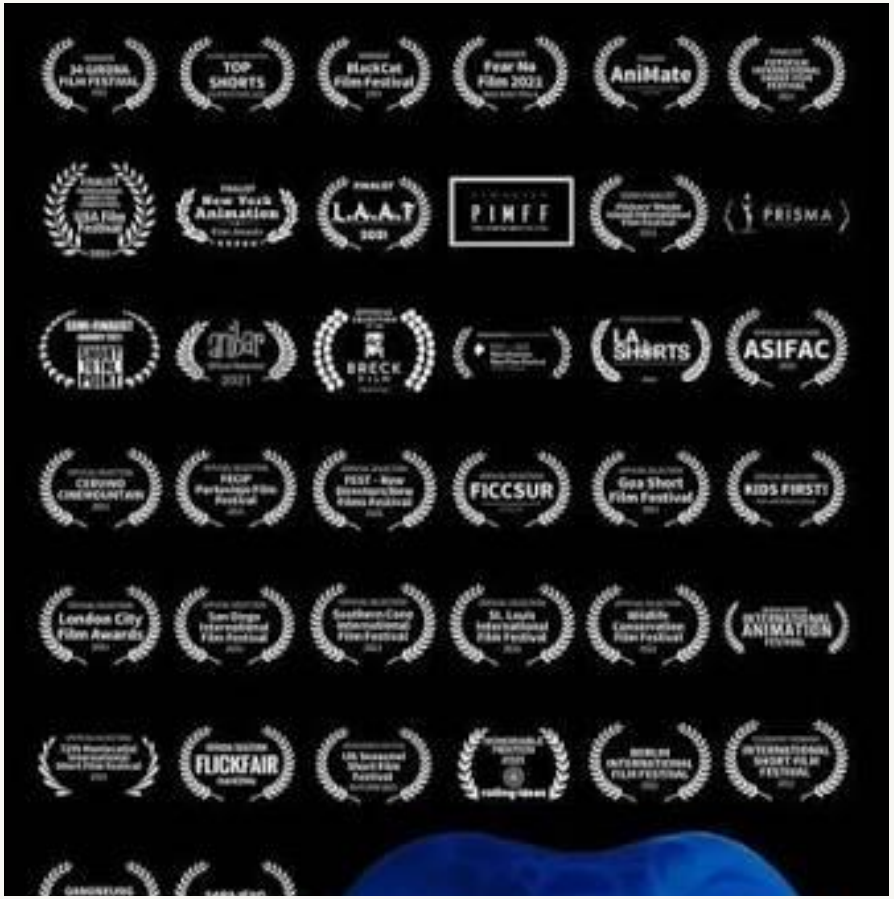

A multi-project sandbox of creative coding work across my MSc at the University of Edinburgh and my capstone for the NYU Integrated Digital Media MicroMasters. Each piece explores a different use of code as a design medium — from LiDAR-scanned sculptural point clouds to live Arabic typography translation, an interactive public-health platform, and generative p5.js experiments.

OUTCOME

Featured at the Edinburgh College of Art 2024 Graduate Show. A living body of work that keeps code fluent and keeps design thinking open-ended.

Hope — Short Film *Teaser*

WATCH THE FILM ↗

CLIENT
GreenTree Production

ROLE
Teaser Editor

YEAR
2020

TOOLS
Premiere Pro · After Effects · DaVinci Resolve

OVERVIEW

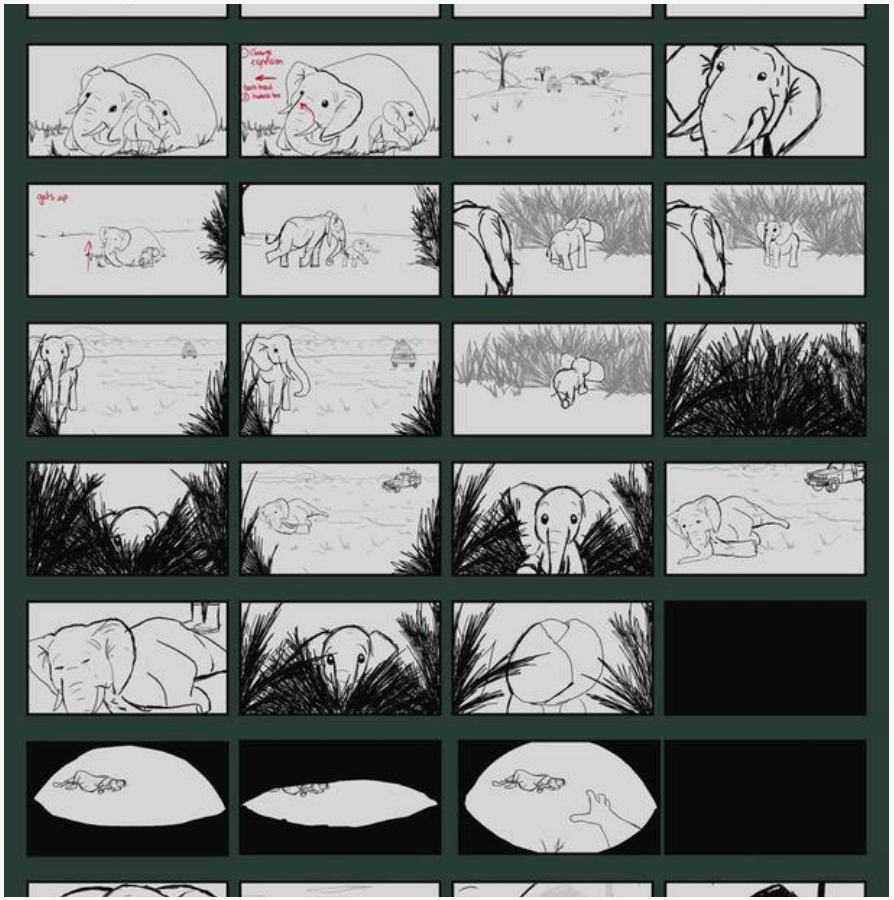

Created the teaser for 'Hope', a 2020 short film by GreenTree Production, written and directed by Abdulla Al Janahi. The film follows Aqua, a newborn sea turtle, as he faces human pollution and predators on his way to the sea. The teaser introduces the story and its mood ahead of the film's release.

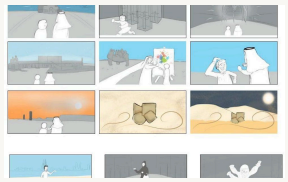

OUTCOME

Delivered the teaser used to promote the film online ahead of its release.

SERVICES
